In view of the amendment, Declaration and remarks filed on March 03, 2006, the art rejection has been withdrawn. However claim 26 has is unpatentable as following:

***Claim Rejection - 35 USC § 112***

1. Claim 26 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The thermoplastic film being a copolyester is not disclosed anywhere in the specification.

Furthermore, claim 26 is depended upon a canceled claim. Applicant is suggested to cancel claim 26 when responding to this office action.

***Information Disclosure Statement***

2. The information disclosure statement filed on June 13, 2005 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.

A copy of Foreign Patent Document DE 19737565 of Rump is required.

***Drawings***

3. The drawings are objected to because numeral 5 in Figure 1 is not shown in the cross-sectional view of Fig. 2. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the

Art Unit: 1775

application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

***Allowable Subject Matter***

4. Claims 1-5, 10-11, 13, 15, 17-21, 23, 25, 28-29 are allowed.
